If the rider says "Stage Towels", that's an industry standard term for "HAND TOWELS"

Why does the hand towel need to be black OR dark? Some Artists put make-up on which helps to not show the perspiration during the performance. When they wipe their face, they don't want the make-up to show on the towel when they wipe their face. They also may naturally have a dirty face.

How fancy do these towels need to be? Your instinct will be to go out to Target, Walmart, Sam's Club, Costco, or another retail store but you will also be paying MORE than what you should for towels. If you plan far enough ahead, you can order these towels from this online store for almost 75% the cost of the box store retailers:

VERY IMPORTANT: Regardless of what towels you purchase, whenever you buy OR order new towels, you **MUST** wash them before use. It will eliminate the new towel fuzz and activate the absorption threads of the material.

NOTE: The images above are **NOT TO SCALE** and the dimensions listed are subject to change depending on the brand of towel.
